Coach Mastery Assessment

10-minute evaluation that creates a personalized coaching roadmap for each of your staff members. Get them aligned fast.

Strategy Video Library

Ready-made coaching videos your staff can watch before practice. No more explaining the same concepts over and over.

Skills Academy Basic

Free player training system with 5 guided workouts. Players show up to practice already warmed up and ready.

Every Season, The Same Problems...

Volunteer Burnout

New coaches every year. You spend weeks training them, just to start over next season.

No Consistency

Each team runs different drills. Parents complain. Players struggle moving up age groups.

You Hold Everything Together

Coaches call you with questions. Parents email complaints. You're the bottleneck for everything.

Growth Limitations

Families leave for "more organized" clubs. You know you could do better with the right system.

What if your coaches were confident, parents were happy, and you had time to actually lead?

That's exactly what POWLAX Club OS delivers...

How POWLAX Transforms Your Club

Unified Coaching System

Coaches call you with questions. Parents email complaints. You're the bottleneck for everything.

Self-Training Players

Every coach gets the same proven playbooks, practice plans, and teaching methods. No more reinventing the wheel each season.

Parent Support Network

Clear communication tools and educational resources turn parents into allies who support your program goals.

<i>POWLA X’s content covers the gamut... nothing out there like it for coaches !</i>	

What Directors Ask Us

Can I try this with just my most experienced teams first?

Absolutely. Start with 3-5 teams and expand as you see results. Most directors add teams throughout the season once coaches see how much easier their job becomes.

Parents already juggle TeamSnap and email — will they actually use the free skill resources?

What if my volunteer coaches aren't tech-savvy?

Can I roll this out mid-season, or do I have to wait until fall?
